ALTERNATIVE EDUCATION

Special programme for school leavers.

Upgrading their skills to obtain their high school diploma through our computerized G.E.D. programme. Course contains five subjects: Writing Skills, Literature and the Arts, Science, Social Studies and Mathematics.

SUCCESS IN THE WORKPLACE (Grades 7-12 and Adult)

A multimedia course that contains activities and exercises based on realistic workplace settings. Students learn and practice interpersonal communications, thinking skills, decision-making, personal development, teamwork and leadership skills.

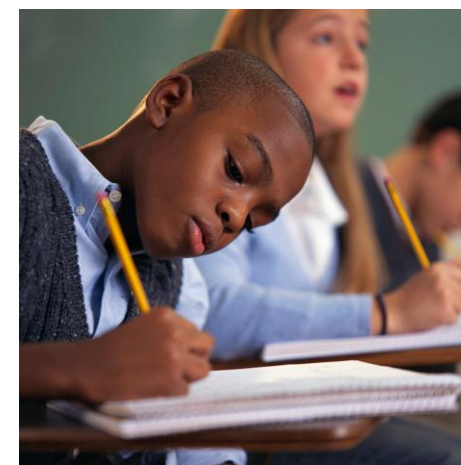

*“Education is the key to success.
Exciting and meaningful instruction is
the key to capturing student
enthusiasm”*

ESSENTIALS FOR LIVING AND WORKING (Grades 9-12 and Adult)

Lets students practice essential reading and math skills while gathering practical information increasing vocabulary and developing necessary life skills. This course covers the skills and behaviours specified in the Job Training Partnership Act. (JTPA)

Children and Adults Reaching for Education

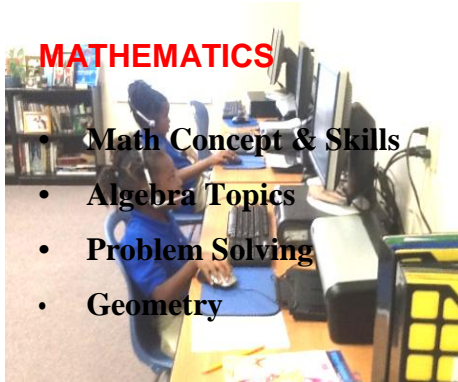

(A subsidiary of C.A.R.E. Computer Services)
